#### RECENT EXPERIENCE

#### TECHOCTANET SERVICE PVT LTD

May 2024 - June 2024

Intern

- Collaborated in the end-to-end development of a fully functional e-commerce website, ensuring a user-friendly interface and smooth navigation across various platforms.
- Contributed significantly to the integration of key features such as dynamic product listings, an interactive shopping cart, and secure payment gateways, optimizing the shopping experience for users.
- Assisted in improving the overall user interface design, working to create a more intuitive and seamless user experience by implementing advanced UI/UX principles and enhancing interactivity.

Oasis Infobyte June 2024 – July 2024

Intern

- Assisted in optimizing the user interface of the music player, focusing on enhancing intuitiveness and usability to provide a seamless and engaging experience for users.
- Contributed to the integration of new functionalities, including advanced playlist management features and enhanced audio controls, ensuring a more dynamic and personalized user experience.
- Played a key role in improving the overall performance and responsiveness of the music player, ensuring smooth functionality across different devices and screen sizes.

#### PERSONAL PROJECTS

### **FOREVER (E-commerce Clone)**

Sept 2024 - Nov 2024

- Developed and deployed a fully functional e-commerce platform, integrating essential features such as a comprehensive product catalog, shopping cart system, and seamless checkout process, ensuring a smooth shopping experience.
- Designed and implemented a responsive layout, optimizing the platform for a consistent and enjoyable shopping experience across various devices and screen sizes.
- Enhanced the user experience by incorporating advanced features such as product filtering, intuitive search functionality, and dynamic content updates, enabling users to easily navigate and interact with the platform.

## Official Website for a Gym

Feb 2024 – Present

- Developed a comprehensive website for Next Level MMA, effectively showcasing various training programs, events, and initiatives, promoting their mission and engaging the target audience.
- Designed and implemented a responsive, user-friendly interface, ensuring seamless navigation and accessibility across all devices and screen sizes for an enhanced user experience.
- Integrated a content management system (CMS) that allows for easy updates, management of event details, and smooth website maintenance, improving operational efficiency.

Spotify Clone May 2024 – July 2024

- Developed a fully functional music streaming platform that replicates the core features of Spotify, including music playback, playlists, and real-time recommendations, providing users with an immersive experience.
- Leveraged React.js and the Spotify API to build a dynamic and interactive music experience, integrating features like song search, playlist management, and seamless playback control.
- Designed and implemented a responsive interface, ensuring smooth functionality, consistency, and accessibility across various devices, enhancing user interaction on both mobile and desktop platforms.

#### **EDUCATION**
