RECENT EXPERIENCE

HYBY CONNECT PVT LTD   **Feb 2025 – Mar 2025**

Intern

– Developed an advanced search feature for language-based influencer searches.
– Collaborated with back-end developers to improve Fire functionality and enhance the admin dashboard's interactivity.
– Integrated REST APIs on user and project pages, streamlining data management and improving efficiency.

FARMERSHOP TECH INDIA PVT LTD   **Mar 2025 – Apr 2025**

Intern

– Developed and enhanced the admin, store, and admin manager panels with improved functionality.
– Integrated Google Maps with marker functionality and implemented drag-and-drop feature for markers.
– Implemented search functionality using a provided API, optimized user interactions, and added delete/update functionality for admin, store, and admin manager.
– Added admin, store, and admin manager management features, including approval workflows and role-based access.

PERSONAL PROJECTS

FOREVER (E-commerce Clone) (*GitHub — Live Demo***)**   **Sept 2024 – Nov 2024**

– Built a fully functional e-commerce platform with React.js, integrating product catalog, shopping cart, and secure checkout.
– Implemented advanced product filtering, search functionality, and dynamic content for an optimized shopping experience.
– Designed a fully responsive UI, ensuring seamless performance across desktop and mobile devices.

Official Website for a Gym (*GitHub — Live Demo***)**   **Feb 2024 – Dec 2024**

– Developed a professional website for Next Level MMA, showcasing training programs, events, and promotions.
– Integrated a Content Management System (CMS) for easy updates and efficient event management.
– Designed a sleek, responsive interface, enhancing user engagement and retention.

Spotify Clone (*GitHub — Live Demo***)**   **May 2024 – July 2024**

– Developed a Spotify-like music streaming platform using React.js, Redux, and Spotify API.
– Integrated music playback, playlist management, and real-time song recommendations to enhance user engagement.
– Optimized performance, reducing load times by 25

Megatronix Official Website   **Apr 2025 – Apr 2025**

– Designed and developed the official websites for Megatronix (Official Technical Club of MSIT) and Paridhi, one of Eastern India's largest tech fests, establishing a unified digital platform recognized by Edugraph.
– Built a centralized, SEO-optimized registration system with dynamic event listings, combo registration, user profile creation, automated GID/TID generation, and API integrations.
– Enhanced user experience with responsive design, engaging UI animations, and performance improvements, supporting 700+ registrations and serving as the official hub for all Megatronix events.

EDUCATION

Meghnad Saha Institute of Technology

Bachelor of Technology in Computer Science

2022 – 2026
